What I Learned

I learned how to use Illustrator to create my own designs. I learned the importance of breaking large groups of text into manageable size amounts. I also learned how to make a graph and adding color to make it stand out.

Jazz Music in the United States

What is Jazz?

Jazz is an improvisational genre. It changes from artist to artist. Songs are full of improved with solo. When words are included these moments have scatting.

Growth of Jazz

As a genre of improvisation, songs are constantly changing. Some traditional songs may stay the same with small solo changes. Others have changed so much it creates sub genres of jazz. ie. Swing Jazz and New Orleans style.

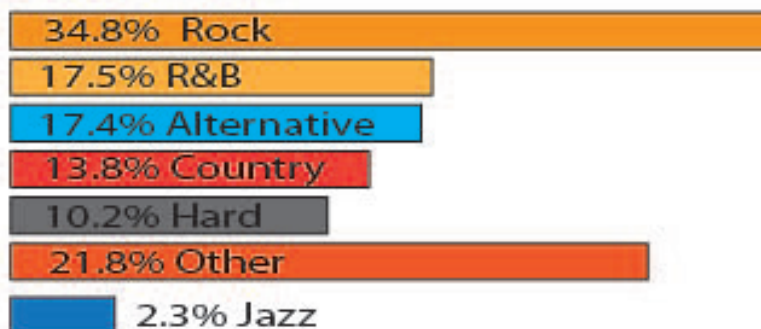

Jazz Today

Jazz music today is most commonly found in New Orleans, LA. The classics we know today are Louis Armstrong and Ella Fitzgerald. Jazz has helped teach us like Billie Holliday's "Strange Fruit" during the civil rights movement.
